Shots!

Shots Fired!

Shots

Shots!

Shots Fired!

Shots

(Verse 1-Kin6 X)

-Shots fired from da 45, take em

-If those werent enough for ya legs, ill break em

-Finish wit da eagle, tossin out da 4-5

-Pop da top, no1 there. A ghost when i ride

-One day, imma die as a legend

-Bring me back if i go, a middle class peasant

-But now imma live for da present

-No regrets, yea ill probably get to heaven

-But one prob, the voices in my head...

-They're tellin me it'd all be better if i was dead

-To just kill my fam, then end it rite there

-Its kinda weird though, cuz i dont even care

-But i want too, its a fight for our lives

-A war goin on, behind da black of my eyes

-I cant push em ou...t, its like 6 voices talkin

-Im da king, i command u to stop it

-But they dont care, it keeps gettin harder and stronger

-I fear for all.. because I cant take it any longer

-(Chorus)-

-(Verse 2-Kin6 X)-

-Chillin here while, i wonder and comtimplat

-Why would anyone listen, to da words i say

-But then i sit bak, kick it and remember

-Remember, a time.. when rappers spit for more than  
just figures

-Its all about da soul, and da story

-I wont sell out, im strong willed.. some say im like  
maury

-Im not wayne, soulja bitch, diddy, 50, or joc

-And theres a whole lot more, k-k-killin hip hop

-Yea i called out some super stars, I really dont care

-Tell da truth, even if theres a burden to bare

-Props to d-block, snoop, def and jeezy

-As long as they rappin, i can kinda take it easy  
-So bounce this lil bit off ya heezy, okeezy?  
-With my voice, i can probably change historeezy  
-I know wat ur thinkin, like X ohhh pleezy  
-If u think im jokin, i advice pleadin da 5th  
-Keep da mouth shut haters, ull see im devine  
-Its just a matter of time, to be exact da clocks on 9  
-(Chorus)-  
(Verse 3-Cino)  
- Haters on street, like to talk about me  
- But if i brung my 45, bet they quit talking  
- You dont wanna see us, when shots fired release  
- Shots so loud, it will bring you to your knees  
- Yeah you see us, hangin in these streets  
- Me and Kni6 x, yeah we strapped wit tha heat  
- Never been a lame, never been a snitch  
- But if you talk shit, we will grab tha heat quick  
- Put a couple holes, off in your head  
- One minute you talk shit, and another you dead  
- Yall dont get no paper, yall dont get no money  
- Laughin at you niggas, like ha you so funny  
- Listen to me spit, listen to my flows  
- Im tha realest nigga, never get no ugly hoes  
- Yeah i go crazy, naw i go ham  
- You cant be me, cause i am who i am  
- Cino on the track, yeah im tha best  
- You don't wanna see us, yeah me and kin6 x
