(Chorus) x2

Watch out, watch out (for the lugar)
Watch out, watch out (for the glock)
Watch out, watch out (for the deagle)
Watch out, watch out (for my guns)

(Verse 1)

Watch out muthafucka, coming through the club
popping off sluggas
Got the cap wit the A, the deagle wit the kick and the
shotty wit the spray
Yea the uzi makes holes, 5 to 27 take a size off your
clothes
Ya the boys getting lose, don't need me a drink put
holes in your grey goose
Yell truce and im breaking your deuce, white flags turn
to rags soaking blood from the room
Wont settle for a lose, ill try till im tombed
Why on EARTH would i stop when i know your about to
lose? Ha Ha

(Chorus)

(Verse 2)

With my guns i swear to uphold the code
From my head to my legs to my body to my soul
When the steel is cold and lead is lose
Put the eagle in my casket, on my body, in my suit
I cant take it with me, but ill haunt you
No gun im useless, vice versa
Voy a hacerte dano, translation?
ill hurt you, even from beyondo da grava
Talking shit in more than one flavor
Let you ponder that while i am cleaning my chamber

Keep thinking I'm talking and this music I'm making
Till I'm outside your house with my army just waiting..

(Chorus)

(Verse 3)

Coming through sly now, night time mission

I work like an engine always switching transmission
Please forgive me, did i mention I'm crippling
Hold up for a second, here's the intervention
I invented suspicion, flip a coin to decide
Who we can trust, and who wont survive
A week later turn up during high tide
Takes a true killer to be a K-X Knight
Stock on the rims to keep attention off my side
Stay low key, they'll never ever find
The king pin, the boss, till I'm gone to the sky
And even that time you can bet I'll decide

(Chorus)

For my guns (repeated)

We have a 138 in progress
Hey yo king man, we gotta go
Haha, I warned them.. I fucking warned them.
See what happens when you fuck with me!
Hahaha
