Are you gonna make me linger, do I frighten you
Are you afraid, to let down your guards
You fascinate me, it's out of my control
Would it make it all to easy, if I were to tell you directly

Chorus

I want you
Oh baby I want you
You just can't imagine, how much I want you

I wasn't looking for love, but your sweetness is
addictive
You may not want to make me tremble with emotions
But still, you do

Repeat chorus x2

Please, I beg you please, don't play with me
Get to know the little girl within me
But don't forget, the woman side of me
Give me a sign!
How can I make butterflies, tickle you inside?
You can show me your dark side
And it won't scare me, I swear
'Cause I'm ready for your love
But are you ready for mine

Repeat chorus x2
