You get mentioned, you get mentioned, alot infront of people and humans

You get mentioned, you get mentioned, and I become happy if its good news(x2)

(Shes saying that she is happy if people talk about him in a good way)

People tell me hes close, close..other people tell me hes far away, far away

People tell me hes sad, hes sad.. other people tell me hes happy..happy

(Shes saying how she doesnt know if hes close to her, if hes happy or not or what is going on with him)

Even though your with someone else, Your not my love, love

But I cant forget, I cant forget, our long journey

The world sometimes, somtimes, sometimes, takes away from people.. their most precious love

And it leaves the wound, the wound for us, and it leaves happiness, the happiness far away

Me and you, Me and you, Me and you, lived in it (loved before)

Me and you, me and you, me and you, we couldnt control it

Me and you, me and you, me and you my love

(x2)

From the day longing started, and it choose for us to be apart

We have been in lots of sadness, me and my melted heart
