[Verse 1]

If the deaf could hear and the blind could see
would the deaf listen? Would the blind still be
in the darkness? (The darkness) Oh, the darkness
When darkness falls... and when you cry I can still see
If you want to die, well then come with me
in the darkness (The darkness) Oh, the darkness
When darkness falls a jade green flower, and early
blue
She lets dirty men in her precious womb
in the darkness (The darkness) Oh, the darkness
When darkness falls a rich king sits right on his throne
A shade full soul, he shall die alone
in the darkness (The darkness) Oh, the darkness
When darkness falls on you

[Chorus]

When the darkness falls on you
When the darkness falls
When the darkness falls on you
When the darkness falls

[Verse 2]

You say your God doesn't treat you right
Would you stop praying? Would you trade your life
for the darkness? (The darkness) Oh, the darkness
When darkness falls... I believe my greatest trick
I made you think I didn't exist
in the darkness (The darkness) Oh, the darkness
When darkness falls... even though many have seen
despair
our loyal subjects, they would not dare
choose the darkness (The darkness) Oh, the darkness
When darkness falls... Sex, drugs rapid. Rock and roll
These higher tragedies to behold
in the darkness (The darkness) Oh, the darkness
When darkness falls on you

[Chorus]

When the darkness falls on you
When the darkness falls

When the darkness falls on you
When the darkness falls
When the darkness falls on you
When the darkness falls
When the darkness falls on you
When the darkness falls

[Verse 3]

This song is for every kid who's disturbed. Every geek,
every nerd

All my ghetto children that lay on the curb

A ruler who can so influence you and give you the
nerve

to turn that pain and that hurt into some anger and
burns

You damn angrier than everybody whos faces is heard

Shoot random, 27 bodies is facin the curb

Practices using voodoo, oujia boards, he prays with
these cults

He casts upon you, your first born will vacate his birth

You sweatin through hot flames while I'm sayin this
verse

Armageddon, you shall remain if you ain't praised in
this world

Life is messy. Careful, you may got blood stains on
your shirt

You don't like the ways things are going? Trust me,
death can't be worse

Make your choice. Self murder or get saved in a church

While the pure virgin Mary carries this baby of hers

You were sent to wash away sins that remain in this
world

Things go good again, but then a dark change will
occur

[Chorus]

When the darkness falls on you

When the darkness falls

When the darkness falls on you

When the darkness falls

When the darkness falls on you

When the darkness falls
