I was a mess when you first met me
I said I'd turn it around if you'd just let me
And I worked so hard cleaning up my act
Yeah, you got me hooked and then you threw me back

I turned my life around completely
Come full circle since the day you ditched me
I'm back on the town, I'm back on the whiskey
Honey, I've done a complete 360

I got a drink in one hand, a phone in the other
And all my old girlfriends are running for cover
So I called my bookie and I made a bet
Yeah, it's only first quarter and I'm back in debt

I turned my life around completely
Come full circle since the day you ditched me
I'm back on the town, I'm back on the whiskey
Honey, I've done a complete 360

Yeah I jumped off the wagon
Baby, I didn't fall
Made a big splash like a cannonball
And Lucy and the twins just walked through the door
That's a double shot of trouble I've been looking for
(Yeah, I've been looking for you girls)

I did a 180 for your affection
I went the extra mile in the wrong direction
If you want me back, well you can find me at home
Yeah, down at the bar just doin' you wrong

I turned my life around completely
Come full circle since you're not with me
I'm back on the town, I'm back on the whiskey
Honey, I've done a complete 360

I'm back on the town, I'm back on the whiskey
Honey, I've done a complete 360

Yeah I quit my job and I wrecked my pickup

I'm goin' down hard and don't care if I ever get up
