Another night, its getting colder  
Just when I thought that it was over  
I realized, that I can't be denied  
Your love, its taking me over  
Many times I've tried to spend to many lies I've  
forgiven you  
You got your foolish pride and you know down deep  
inside I'm breaking all the rules  
What else can I do

Chorus:  
Cause for tonight  
A little love and candlelight  
For tonight  
A little love and candlelight  
Can't we be in love for just one night  
I couldn't see, that deep inside of me  
I couldn't hold on any longer  
Can't believe, how you get to me I know  
It keeps getting stronger  
Many times I've tried to tell you all the reasons why I'm  
leaving you  
You got your foolish pride and you know down deep  
inside I'm breaking all the rules  
What else can I do

Chorus (3x)
