I know, I know, I know

Romeos are lined up around the block  
Waiting their turn just to punch the clock  
While I'm begging underneath your balcony  
Saying, "Throw your rope down to me"

Holes in my pockets and holes in my shoes  
Breaks my heart to break the news  
I'm broke, but I know, I know, I know

Everything we do,  
Love or money  
Nobody likes to lose  
Love or money  
I've been real with you  
Come on and tell me, honey  
I know it all comes down to  
Love or money

Love or money

You don't need all the glitter and glitz  
'Cause you're already so glamorous  
I can give you much more than this  
Lean in and give me a kiss

Gold in his pockets and gold in my heart  
Tell me when did it get so hard  
To choose, I know it all comes down to

Everything we do,  
Love or money  
Nobody likes to lose  
Love or money  
I've been real with you  
Come on and tell me, honey  
I know it all comes down to  
Love or money

Inside my chest is buried treasure

Ooh, ooh  
And we could make it last forever

Everything we do,  
Nobody likes to lose  
Love or money  
I've been real with you  
Come on and tell me, honey  
I know it all comes down to  
Love or money

Love or money

Oh, I know, I know, I know  
Love or money  
Yeah, love or money

Everything we do  
Love or money  
I know it all comes down to
