i remember colors
you painted it in my eyes
green was for the spring time
blue the summers skys
but now the skys have darken
the white clouds turned to gray
what a way to break a heart
it took all the colors away

dark black
is the color of my life
since you've been gone —2

oooh if you come back
make my whole world bright
since you've been gone
dark black is the color of my life

i remember visions
you told me how yo see
world of the colors
was right there in front of me

oooh but what could is a ranibow
if the pictures in black and in white
oooh what could is a future
when there is not a color inside

since you've been gone —2

oooh if you come back
make my whole world bright
since you've been gone
dark black is the color of my life
dark black —2
mmmmmmm
