It's simple to do it
But I understand if you aren't into it
Let's move along
Included with the newest temper tantrum
Well let the anthem ring
If that belongs to you
I second that notion
Slow motion
Most of them talk about the second coming of anarchy
Mainly to avoid the therapy
Rarely amused
Barely confused
You chose to remain frozen
Vindictive and another form of refuge
Let's move forward
Instead of the reversed offspring non-related issue
Brought to you by my intention
Broken down to the basic groups
Practicing genocide lessons
Bomb away
Bombarded and left as a castaway
What did you expect out of today?
Gone in twenty-four hours
Signature reset
Chapter closed
My mistake
You took it for granted
Granted that you were supposed to
With most of it all said and done
What provoked you was the anger inside of me to go
coastal
Nothing means anything
Something to live by
Everything
Stutter stepping
Walking through walls
Transparent
Suddenly my actions fall
Crawl out of the cave
The mind tricks the body
The brain reacts
In which condition

It acts like a slave
