What is your problem?  
That I wanna kill myself  
What is going on?  
I'll bite your glare  
What's your fuckin problem  
What's your fuckin problem  
Bitch

I gotta be go down

Every second that gone and last for only a couple  
hours  
Here is what I denied  
While you embraced  
What happen to these life?  
So I walk in these fuckin road

It's flail on me, yeah!  
It's flail on me, yeah!

The fire is come out  
It's get a bow down  
The fire is come out  
It's get a bow down  
It's flail on me, yeah!  
It's flail on me, yeah!

Hold your breath  
Follow my footsteps  
Hold your breath  
Glow your eyes  
So I know what you do

Well I'll never meet that lights  
When death is come to these neck  
In front of my fuckin eyes  
Well I will meet that smirking smile  
I will meet that fuckin smirking smile

Every second that gone and last for only a couple  
hours  
Here is what I denied

While you embraced  
It's flail on me, yeah  
It's flail on me, yeah
