I had all the dreams of riding carousels,
Now it's up on life I wanna climb.
I've tried all the schemes
But marriage bells never ring on time.

I long for love and music everywhere
And boys of love and music take me there.
I'm more than just a dedicated fan,
I love them all, the boys in the band.

Maybe I prefer to lead a different life
It's been so long I just don't know
I loved a boy once, God it seems so long
ago.
I long for love and music everywhere
And boys of love and music take me there.
They're the only ones who understand
I love them all, the boys in the band.

I loved a boy once, God it seems so long
ago.

I long for love and music everywhere
And boys of love and music take me there
And when I give ovations I don't stand
I love them all, the boys in the band.
