[Sample from Snatch]

"D'ya like dags?"

"Dags?"

"Yeah, dags"

"D'ya like dags?"

"Dags?"

"Yeah, dags"

"Dags, d'ya like dags?"

"Oh, dogs; sure, I like dags"

[Verse 1: Lady Leshurr]

Oh yeah, they're in the house

We in the Colosseum

You see I'm on the prowl

Unleash the beast then

My flow is tropical

It's from the Caribbean

Been getting bopped all over the globe

So that ya know my lyrics are frozen, so cold

I'ma let the dogs run wild

They wanna judge but I'm not on trial

I see them watching, they're so hostile

And these dogs wanna cat my style

Th-th-these dogs wanna cat my style

When I come inna di place, I say I'ma run it out

I'ma go crazy, I'ma go wild

Never got ever but they saying that I am wild

I'm an animal, unleash the beast

Tearing a riddim up by piece by piece

I can see they don't really wanna put a leash on Lesh'

But I take the lead, I'm a speak when I beast

Giving [?] riddim lay on a production, I play ground

I can see the others coming up, better stay down

Wanna hit on the spot, they better break out

It's me they wanna meet; stakeout

Haha, I find it so funny  
I've got a figure besides my own money  
They ain't got the stomach, they like to show tummy  
I know a lot of them try, but don't, honey

We 're in the building blow the doors off  
Who let the dog's out? Who- who- who-

[Hook: Labrinth]  
Hang on every word I say, semi-colon  
Turn the camera other way  
I'm gon' be the ace if you play cards  
Let the dogs run wild

Hang on every word I say, semi-colon  
Turn the camera other way  
I'm gon' be the ace if you play cards  
Let the dogs run wild

Let the dogs run

Lord, Lord, have mercy on me  
I'm about knock these motherfuckers dead, heh  
Lord, Lord, have mercy on me  
I'm about knock these motherfuckers dead

[Verse 2: Lady Leshurr]  
So I'ma go crazy, mental  
Bonkers, schtizo  
Looney, nutty  
Barmy, psycho

This is more than history  
Full stop, side note  
I could do this with my eyes closed  
When I get an idea; lightbulb

Lightbulb, now I'm getting too claustrophobe  
If they wanna bark I be giving a dog a bone  
They don't start telling what really can't be told  
Yeah, this riddim's hard, it'll be splittin' hard as bones

I'ma let my dogs step out of the cages  
I'm on the prowl, you'll hear my growl, look at our faces

We 're in the building blow the doors off  
Who let the dog's out? Who- who- who-

[Hook: Labrinth]  
Hang on every word I say, semi-colon

Turn the camera other way  
I'm gon' be the ace if you play cards  
Let the dogs run wild

Hang on every word I say, semi-colon  
Turn the camera other way  
I'm gon' be the ace if you play cards  
Let the dogs run wild

[Lady Leshurr]  
Let the dogs run  
Let the dogs run wild  
Let the dogs run  
Let the dogs run wild  
Let the dogs run  
Let the dogs run wild  
Let the dogs run  
Let the dogs run wild  
Let the dogs run

Run, run, run, run  
Run, run, run, run  
Run, run, run, run  
Run, run, let the dog's run

Run, run, run, run  
Run, run, let the dog's run  
Run, run, run, run  
Run, run, let the dog's run
