Man, you had me fooled  
What I thought was sweet was so rude, now  
You can see all them words  
Cause such a [Incomprehensible]

What you are is a problem  
No, and you won't change me  
?Cause I'll never go  
No, I never know

Chocolate covered sheets  
More than [Incomprehensible]  
That was once homemade  
Well now, I know I can't be saved by you

You and I won't have to go  
And all my dreams  
Are a part of you now  
They're a part of you now

Please won't you go  
And set me down?  
I'm not sure what goes on  
What goes on, yeah
