"Till Tonight"

You kept me pinned down
Kept me locked underground but
Now I finally found the way to freedom
I've been saving up all my strength for this very day
And now that I'm standing at the gate

Open up your arms
And spread them wide
Nothing's gonna hold me back this time
I've been waiting for you all my life
Counting down the minutes till tonight

Open up you heart
And let me in
Let the love finally begin
Cause I've been waiting for you all my life
Counting down every minute until tonight
