In a field, full of stars
We are one, we are rising
See the lights, coming out
We will shine, the brightest
As I raise my hands and call to the heavens
Destiny is us
We will make our marks
We're living legends, history is ours

Whoa, tonight we are the stars
Whoa, tonight we are the stars
Whoa, tonight we are the stars
Whoa, tonight we are the stars X 2

In a field, full of stars
We are one, we are rising
See the lights, coming out
We will shine, the brightest.
