Watching you baby, watching you all the time
Watching you, watching you all the time
Watching you destroy yourself
All you do is sit around drinking wine
You worry me baby, I'm sitting here wondering
Wondering what in the world can I do
We've got so much to live for baby
But I can't do nothing but sit here
And watch that wine destroy you
That's wrong, baby
I'm talking you to the doctor darling
Maybe the doctor knows what's going on in your head
Maybe the doctor can help me baby
Maybe he knows what's going on in your head
You see you're gonna keep on drinking that bad wine
Baby even the glass that grows on your grave will be
cherry red
