The biggest fool there ever was

I let you go

And now I can't survive without your touch

I need you so

But baby all you got to do

is tell me that you need me too

I hit the ground running

I hit the ground running

I hit the ground running

back to you

Oh well I'd rather die a thousand deaths

than to lose your love

Well now I'm drownin in my loneliness

I can rise above

yeah I can

Just forgive me this one last time

and tell me baby you're still mine

I hit the ground running

I hit the ground running

I hit the ground running

back to you
