Let's go dance with the gypsies tonight
Let's go dance with the gypsies tonight
Gypsies are dancing down by the river
Let's go dance with the gypsies tonight

Well I'll dance in a circle around the fire
Well I'll dance in a circle around the fire
Gypsies are dancing down by the river
Let's go dance with the gypsies tonight
Can you hear them off on the mandolin?
Can you hear the soul of the violin?
Gypsies are dancing down by the river
Let's go dance with the gypsies tonight
