Well I got my clothes in my suitcase, right by my side  
Come tomorrow morning baby I'm taking a ride  
And I'm going to Austin Lord I'm gonna make it my  
home, yes I am  
And my baby she'll be wondering where I'm at Lord  
when she wakes up all alone

Well I drank my share in this town baby I smoke my shit  
too  
And that's all right my mamma I said anywhere you do  
And I'm going to Austin Lord I'm gonna make it my  
home, already gone  
And my baby she'll be wondering where I'm at Lord  
when she wakes up all alone

(repeat verses)
