"Three Wishes For Christmas"

If I had three wishes for Christmas,
I'd make my first wish for a tree.
I'd make my second for a gift from someone,
A remembrance from one who is dear to me.
I'd make my third for a snowball,
And if my three wishes came true,
On Christmas night I'd light my tree,
The snow falling silently,
And open my Christmas present from you.
I'd make my third for a snowball,
And if my three wishes came true,
On Christmas night I'd light my tree,
The snow falling silently,
And open my Christmas present from you.
