Don't want no secrets, I'm done with the shadows
and lies
You can keep your religion, it's making me so deaf
and blind
Just give me freedom, refine water and led
And let my heart beat like a drummer
Your gravity can't hold me, when my heart wants to
fly

[Chorus]

I search all around for something, to give life new
meaning
One day I've found, there in the still
The universe revealed
A kaleidoscope, then I see the world
Through eyes of water
I'm filled with hope, my soul's alive
Feels like a kaleidoscope

To live is art but in darkness we'll all slowly die
So I, I'm gonna paint the right portrait on the face of
time
Let's take our feet up, we'll dance like we really care
And sing alive in bursts of colors
Blank is the canvas and love is the brush that we share
it

[Chorus] x 2

I search all around for something, to give life new
meaning
One day I've found, there in the still
The universe revealed
A kaleidoscope, then I see the world
Through eyes of water
I'm filled with hope, my soul's alive
Feels like a kaleidoscope.
