Hook:

You ain't never got to wonder how we do it what we did
Because i'm doing everything big
You ain't never got to wonder how we do it what we did
Because i'm doing everything big

Let's pass the force let's give a spoon
Work hard for the money never get it soon
Let's see for the real may not for the fake
If a nigga can't take it better clear it won't
And you hear the boom and you here the zoom
It probably like a kiddy it's me and my belly
It make me feel friendly but really I'm ..
Want to the enemy catch this group
And i'm still making mother f*cker suffer
Layin for ..that's why i burn rubber
Gone for best I f*ck with my brothers
Hope the click to shit like any other
Hope that he save the .. hoping no killer no ..
Maybe so fine she blowin my mind like how do she get
it
..baby gonna get it
I was just wondering how do you feel it
And James, and James can you tell me how you got into
them James
Take a ride with me .. at night and get high with me
Look no ...fly with me think big on night and she
reminds with me
She was down for the rendez vous
She show like a rose in a ..
Got brain like a nigga just ..do
She has the knowledge like them ..do
Yeah isn't guarantee nice ..
It depend how sweet no pice line
Everything is so bright see the eye shine
Little lazy name let's sky line

[2 x Hook:]

Because of underestimating my shit for the ones that
wasn't paid

She ..better in this ..escaping this shit being bro
she first nigga that's just sip
Rich and my heart my state to mind
no gliss no triss cause we can't rewind
put em in the game we play hard ..
i take what's mine time
look into my eyes nigga white.. is last glass of milk
out me in the side ..side
we making swallow pride we make on ..high
you face the .. like everyday he make the heavens cry
ru run run we go like a.. from the street
everybody doing their own thing
but this the light that makes for ..
..40 wings
Talk your shit like the shit don't stand
I must be seeing things
Why I'll never gonna blame
I'm a .. gonna to do it, ..'cause I'm a soldier to it
Give me your word i'ma hold it to it
...'cause baby .. I'm feeling bionic
Take .. and is really too ..
And nigga there's real there's always been ..
