Chorus:

Let me pac-man your body,
No, no, no time for playing games!
No time!
No, no, no time for playing games!
Baby grab on my joystick
Baby, watch how I slow stick
With it baby
Grab on this joystick
Stick girl
So I can pac man your body girl!

Girl, are you trying to get ghost
Come a little closer and I promise I won't bite too hard
Coming right , let me level on your body, while I pull up
on the boulevard
Hey babe, also put the games, I been acting you,
wanna play a little chase
Ain't no thang I move to your maze,
clear the space, put a kiss on your face
Ain't nobody ever made me wanna hit another level
Got me eating power pellets like a rebel on a mission
I feel like I'm on ecstasy, girl my joystick is in pole
position
Missis, listen, ain't no competition, I'ma clean the whole
court
How you spend it, layzie bone winning,
You gonna crown me king for high score

No, no, no time for playing games!
No time!
No, no, no time for playing games!
I'm gonna pacman your body

Hold my joystick, in your x box
Kissing on your neck, you know the next spot
I'm your pacman, eat you off top
Mister game fanatic, I got this on lock
I like them wildest, no strings attached
And if this game freeze, I want a rematch
I'm a superfreak, but you already know

These niggers play a , I play at all pro

Let me pacman your body, pac, pac, pac man your
body
Pac man your body

Baby blue, we make sound effects,
Come my level is hard,
Now we in the garage, pack me your body,
Like it the Atari, like we in the Ferrari
My hobbies, collect them Barbies, hitting the, what?
Collecting Barbies,
, Supermario, Tetris, with positions, on the flow
Shawty we can play roles, you can be the villain
I be the good time hero
I never played your game girl, but I got this change girl
So I'ma stick my quarter so deep you could feel it in
your brains girl

No, no, no time for playing games!
No time!
No, no, no time for playing games!
I'm gonna pacman your body
Baby grab on my joystick
Baby, watch how I slow stick
With it baby
Grab on this joystick
Stick girl
So I can pac man your body girl, girl
Oh, pacman, pacman, your body, body, body
Play with your body baby, I'ma play with your body
I'ma pacman your body girl.
