It's easy as can be, just a little twist and turn.
Follow you will see, practice and you'll learn.

Step side to side, moving your hands left to right.
You'll find your way, move with me.
Get up on your feet, its a beautiful day.

We're dancing, whoa ohh.
We're moving, jumping along.
We're grooving, the feeling is so true.
Whoa whoa, its up to me and you.

We're dancing, whoa ohh.
We're moving, jumping along.
We're grooving, its up to me and you.
