In my cyber-space  
I'm feeling happy  
'Cause everything's in place  
Here on my floppy  
It's true, I can't deny  
I'm just a gizmo guy

Give me a CD, a GiGa-DVD  
I love technology

I like to play  
On my power PC  
A mouse-click away  
And life can be so easy  
I feel so bright  
With max-a-million megabytes

I like to play  
On my power PC  
A mouse-click away  
And life can be so easy  
I feel so bright  
With max-a-million megabytes
