What if your friends  
Just don't wanna be friends  
But ya need to believe  
It's not really the end

And you've been pulled apart  
But you know in your heart  
That you wanna reach out  
But don't know where to start

I really regret  
The things that we've said  
It's hard to forget

But I hope that...

We will be friends, tomorrow  
Right to the end  
And then we will  
Wipe away tears and sorrow

If we can be friends again

Ooooh, ooooh...

Remember the way  
We would hang out all day  
And whatever we did  
Always turned out okay

One thing is for sure  
And everyone knows  
That we should stay close

And I hope that...

We will be friends, tomorrow  
Right to the end  
And then we will  
Wipe away tears and sorrow

If we can be friends--

I know, it's true  
Nothing can last forever  
But still, I feel  
This friendship will last  
Just like in the past

We will be friends, tomorrow  
Right to the end  
And then we will  
Wipe away tears and sorrow

If we can be friends...  
If we can be friends... again
