Robbie:

Here's a friend I've never had  
He's so good at being bad  
That's my little doggy dude  
And these are all the shoes he chewed

He goes walking down the street  
Biting everyone he meets  
A bark, a snap, a sniff, a scratch  
Show some teeth and then attack

I love my purple ball of fluff  
I flip a switch and turn him off

Woof, woof, woof  
He loves to howl

Woof, woof, woof  
Oh what a growl!

Woof, woof, woof  
Just watch him play  
And chase those annoying brats away

What?

Fangs that glisten in the sun  
They make all the children run  
He's the toughest little cur  
A fighting fleabag full of fur

I'll get rid of Sporta-spud  
Me and my canine bud  
With my plan that's so darn clever  
I'll make him leave town forever!

I love my little robot hound  
He's the meanest mutt around

Woof, woof, woof

He loves to howl

Woof, woof, woof  
Oh what a growl!

Woof, woof, woof  
Just watch him play  
And chase those annoying brats away

One more time!

Woof, woof, woof  
He loves to howl

Woof, woof, woof  
Oh what a growl!

Woof, woof, woof  
Just watch him play  
And chase those annoying brats away
