Vain, shame-faced
Can't reveal the very core
Duress will not
permit a naked ambition

Cursed naked proposition
Dry retch - verged on
self-flagellation

Apoplectic - nail you shut
from prying eyes
Ecstasy could not involve
a naked ambition

Squalid naked proposition
Soured - floored by such indignation

The schism is not anatomical
Nor is it residual
It's a societal ghetto
It's a societal black hole.

Surrendered
Priceless liberties expelled
Swift wrath upon the inward
explorer

Hold your gag reflex
Your gag reflex

Contradiction
Oh, promiscuous and proud
while you're prudishly on guard

Gender is a willfully caged beast
Set free, it decimates
the phobic concrete
Gender is a caged beast
