I dissolve to a dream of the past  
Terminate to remove, falling fast  
At the end of the chain thoughts collect  
Execute a degree, I defect

What's it worth? Sacrifice the earth, it bleeds  
Meet your needs, devilish deeds

Reconcile, understood, contemplate  
Desecrate to denounce, detonate  
Tentative to reject overdue  
Final stage to complete follow through

Far too late absolute hell, this hell  
An empty shell, desolate cells

A necessary evil, bargaining pleas  
Held at ransom our souls diseased  
A necessary evil the dominant role  
There's no escape you crossed the solitary line

A necessary evil, bargaining pleas  
Held at ransom our souls diseased  
A necessary evil the dominant role  
There's no escape you crossed the solitary line

Reconcile, understood, contemplate  
Desecrate to denounce, detonate  
Tentative to reject overdue  
Final stage to complete follow through

What's it worth? Sacrifice the earth, it bleeds  
Meet your needs, devilish deeds

A necessary evil, bargaining pleas  
Held at ransom our souls diseased  
A necessary evil the dominant role  
There's no escape you crossed the solitary line

A necessary evil, bargaining pleas  
Held at ransom our souls diseased  
A necessary evil the dominant role

There's no escape you crossed the solitary line
