Confidante

Here goes a breach  
of a piss-weak pact

Upright, On-point,  
staunch subordinate  
Blank look, about-face

Sycophant  
Trade plaudits neat  
and matter-of-fact

Flatter in a charismatic haze  
Blank look, about-face  
Elective confidante,  
Adopted sycophant

Poised to sweep the cynics away  
Blank look, about face

Clear the ground!

Clear the ground for a drunken  
power melee

The mob is phased

Clear the ground for a weakening  
sting the tail

The mob drinks in praise  
The mob's wit wanes  
The mob deflates  
The mob's displaced  
The mob's contained
