Divorced humanity, science strays
Walk the path of servitude
Grown unknown malignant code
Misconceived the passion whole

Misconceive the passion whole

Born against the innocent
Amongst us issues preset
Determined goals which are set
Love, a crime of severance

Are we free to feel?
Do we hurt to heel?
Are we free to feel?
Do we hurt to heel?

Whose life to steal?
Whose pain is real?

Breed to breathe
Breed to breathe
Breed to breathe
Breed to breathe

Awareness fails the public eye
Primate morals sell the lie
2.2, symbolic bait
Process bound genetic fate

Are we free to feel?
Do we hurt to heel?
Are we free to feel?
Do we hurt to heel?

Whose life to steal?
Whose pain is real?

Breed to breathe
Breed to breathe
Breed to breathe
Breed to breathe

The selfish feed
Breed to breathe
The selfish feed
Breed to breathe
