Staying on an even keel
Keeping a gauge
Sanity hangs in the balance
Could go either way

Cerebral half life
The darkest summer days
My pressure defenses melting away

'Cause I can't level this brimming, seething dread
My pressure defenses melting away

With anxiety I'm burning
With anxiety I'm burning
With anxiety I'm burning
With anxiety I'm burning

Stripping down to the core
Stripping down to the core
Stripping down to the core
Stripping down to the core

Corrosive elements
Corrosive elements inducing
Corrosive elements
Corrosive elements that sap being

Corrosive elements
Corrosive elements inducing
Corrosive elements
Corrosive elements that sap being

Corrosive elements
Corrosive elements inducing
Corrosive elements
Corrosive elements that sap being

Corrosive elements
Corrosive elements, joy toxin
Corrosive elements
Corrosive elements, please cleanse me

Please cleanse me, please cleanse me
Please cleanse me, please cleanse me
