The wrong time, the wrong place  
Our smiling face of distrust  
Buried the seed deep in all our heads  
Prepared ourselves for the fall

The greed killing  
The greed killing

Instinct to mistrust  
Instinct, the lust  
Their butchery of feelings  
Geared for a greed killing

Greed killing

Not now, then when?  
Not now, then when?  
When? When? When? When?

The lust denies need  
The lust denies need  
Lust denies need  
Lust denies need  
Lust denies need

Existence is a steady flow  
The molded image grows  
No care, no faith in what you are  
The pressure builds right from the start

Could it be just sour grapes?  
Or have we failed to fit their shape?  
It's always give and never take  
How much more can we give?  
How much more can we take?

Not now, then when?  
Not now, then when?  
When? When? When? When?

The lust denies need  
The lust denies need

Lust denies need  
Lust denies need  
Lust denies need

Existence is a steady flow  
The molded image grows  
No care, no faith in what you are  
The pressure builds right from the start
