Female subservience
To impervious male dominance
Male subservience to the cuntries' defence
It's a mans world
So you'd better act like one!
God give me strength
Women suck my length
"Enemy" do you have the balls
To challenge my masculinity?
Just discard your sensitivity
And you'll play the part well.
Cunt-born some more
To be big and strong like daddy
Drill them to perpetuate
Into the ultimate form of stupidity.
