Go

Shooting from the lip at tired old cliches  
Well, it takes one to know one  
Same difference roughed up for today

Roughed up for today  
Roughed up for today  
Roughed up for today

Every minute blemish is given that street veneer  
Choreographed to cut the slack  
Just as long as you learn to sneer

You learn to sneer  
You learn to sneer  
You learn to sneer

Paper-thin, paper-weight  
How's that demographic?  
A dis empowered herd  
Minds cloud with static  
Minds cloud with static

Lowest common denominator

Give them hard fuck fables  
Give them middle fingers  
Give them surface tension  
Spoon-feed them to the system

So what's new? Sullen view, it's the clued you  
Fighting third world war on parental torpor  
Fighting third world war

Give them hard fuck fables  
Give them middle fingers  
Give them surface tension  
Spoon-feed them to the system

Give them hard fuck fables  
Give them middle fingers

Give them surface tension  
Spoon-feed them to the system

Feed them to the system
