Is this our way, we cannot turn
Extermination day, this world will burn

MESSIAH!!!

God has shoved his son, you drewed him
Now it's time: let's pray Satan's mass

Six, six, six, East against the West
Son of Jackal, atomic force kills the rest

MESSIAH!

You had your time, so follow him
Your soul is ours, world bursts and breaks

Satan's hordes strive to kill, vultures of steel seed
death
No escape, time stands still, feel his deadly breath

MESSIAH! MESSIAH! OW!

See the dead of the sun - christian love in vain
Father killed by son, mother raped in pain

In a world of steel, made from stone
Only death is real - world war ... III
