[Mitch Harris, Embury / Greenway]

Red's the given color if you resist the will to hate

You're a bit part  
Outliving your worth  
Where do you stand in the Aryan pecking order?

We are "faggots", "Jews" and traitors  
Because we resist the will to hate.

Here's supremacy: To rise above paranoia  
Is is others who're diseased for dismissing your flawed  
criteria?

You've been sold short to a scam

Survival of the fittest?  
How you seem expendable, vulnerable - a runt  
Better keep your mouth shut  
Should they find the quirks in your pureblood

You've been sold short to a scam

You can pin all slurs to me  
But I'll choose humanity

You're a bit part  
Outliving your worth  
Where do you stand in your preciou pecking order?

You've been sold short to a scam
