Surprise I'm still here  
Aren't you glad did you miss me  
Surprise I'm still here  
But I can't stay for the evening  
But here just press play  
It's my new song  
Now why you weeping ÅfÅçâ,¬" no no no no

Now don't, don't try to mess with me  
I really don't really need your sad approval  
Let me state the facts  
I would never bring you a glass of flowers  
Trying to get you back  
I really don't really need your sad approval  
Let me state the facts  
I'm at the top and I'm not gonna drop  
Little baby

Surprise I'm a pro  
Though you told me to rethink  
Surprise this is, is ÅfÅçâ,¬Å..."TYEÅfÅçâ,¬Å,Å  
She's my girl  
Look at my ring

Repeat Chorus
