She's walking and talking on my mind
She's walking and talking all the time
She's walking and talking
Must get rid of her

She's walking and talking on my mind
She's walking and talking all the time
She's walking and talking
Just get rid of her

Chiquita Banana come from Pakistana
Tomatoes, Potatoes grow in Transylvania
She's driving me insane
I say are you sure potatoes come from the Toscana?
She says: "you never listen to me"
Of course Banana always come from Sopelana
She drives me so insane

She's walking and talking on my mind
She's walking and talking all the time
She's walking and talking
Must get rid of her

Complaining, and hurting me all the time
She's wondering and talking true my mind
She's walking and talking
Must get really

Now we are in a restaurant,
I could eat an elephant,
"What would you like to order my dear?
She says:"
I eat only salad, cause my weight is getting out of
balance -
Cause I am so fat! "
Waiter, she really drives me mad!

She's walking and talking on my mind
She's walking and talking all the time
She's walking and talking
Must get rid of her

She's complaining and paining me all the time
She's wondering and walking true my mind
She's walking and talking
Just get reallyÃ¢â€šâ€™Ã¢â€šâ€™!

Hasta luego, compaÃƒÂ±eros, los hombreros
She is saying "hello" to the whole street
That's the girl I love and met

She is talking all the time about clothes and high heel
shoes
I am exhausted and totally confused
I am so bored while she is shop abused!

She's walking and talking on my mind
She's walking and talking all the time
She's walking and talking
Must get rid of her

She pulls me, deeper, deeper, deeper,
deeper to the ground
Tell me what to do
I feel lonely, although she is by my side

This girl from Alabama
Ababababebabababbaba...better...
Nothing get better
No, nothing get better
Babababeba...
Oh, walking and talking on my mind..
She is crazy, is crazy — oh nothing better
She make me insane..insane...insane
You are crazy, nothing is better
Situation nothing...
Situation not not not, not get better
She's walking and talking on my mind
Walking all the time...
I get to crazy...
Walking all the timeÃ¢â€šâ€™Ã¢â€šâ€™!
I get to crazyÃ¢â€šâ€™Ã¢â€šâ€™!
You are walking in my mind...
You are walking in my mind...
