I never felt so cheap in my whole life  
I am only seventeen  
someone kick me in the teeth  
I could use some enemies  
I have excess energies  
My ID says twenty-one  
I get smart when I get drunk  
I am not my father's son  
Watch me undo what he's done  
Here I slip past thirty-five  
jesus christ, you know I've tried  
I'm so broke and I'm so tired  
Was it worth it?  
Yeah it's worth it  
I'm not worthless  
I'm wasting my time  
I don't mind  
Cause I can curse this  
Or I can burn this to the ground  
I can turn this thing around  
watch me wear some crippled crown  
I don't mind  
I'm wasting my time  
but I can curse this  
or I can burn this to the ground  
or I can turn this thing around  
On the day that I will die  
They won't pray and they won't cry  
None who know me can deny  
I defy what rests inside  
Time and purpose I defy you  
All my life  
you know  
was it worth it?  
Yeah it's worth it  
I'm not worthless  
I'm wasting my time  
I don't mind  
Cause I can curse this  
Or I can burn this to the ground  
I can turn this thing around  
watch me wear some crippled crown

Time and purpose I defy you  
All my life you know I've tried to  
Time and purpose I defy you  
All my life you know I've tried to  
Time and purpose I defy you  
All my life you know I've tried to  
Time and purpose I defy you
