[sung in French]

Attention, Attention, Attention, Attention
Are you ready to go?

This is the war of love
Decorate the chamber of love
Prepare the cannon of Love
This is Les Savy Fav's victory

Who here wants to hug?

[sung with a French accent]

The captain is a million miles in outer space
His ship is headed toward the sun
The first mate knocks at the door
No Response
Something is wrong
they are headed toward the sun
Something is wrong

[sung normal]

S.O.S., S.O.S.
Our captain has abandon us.
S.O.S., S.O.S., S.O.S., S.O.S.

Long live the meddling malcontent
Capital, Capital, I understand, Underscore
Period. Period. Cities and Citadels
I'm hooked on the solo I'm hooked on the gramophone

The Captain goes down with his ship.

Long live the meddling malcontent
Capital, Capital, I understand, Underscore
Period. Period. Cities and Citadels
I'm hooked on the solo I'm hooked on the gramophone
I'm hooked on the solo I'm hooked on the gramophone

The captain goes down with his ship.
