Fav,
Les Savy Fav,
Les Savy Fav-
That's our name.

The first crack
Was invisible,
The next crack
Tears this thing apart.
The accident
Was at the rodeo.

We've got a problem at our camp,
We've got a problem with our math.
We want to figure something out,
We always have to write it down.

Gigantic spaces
Between the lines
Leave too much room to hypothesize-
If they ask us,
We'll have to blame our dads.

Cheerios like red blood cells.
My bowl is full.
