We're at the hills and we hit ...
With . and with master cards.
We moved the ...into our homes,
We kept in touch with the mobile phones.
Chorus:
L.A, tonight we stay up late
And piss our cares away
It's warm in Silverlake!
Now when we crush up on the dawn
You must confess the things you want,
Just by the brightness the day
You know the ...
...facing gods,
These kids will kill you just because they can,
The teeth are bleached and their tits are tanned,
Chorus:
L.A, tonight we stay up late
And piss our cares away
It's warm in Silverlake!

Now when we crush up on the dawn
You must confess the things you want,
Just by the brightness the day
You know the ...
Tonight we gonna stay out late,
Stumble foreword towards.
You try to beat the haste away,
L.A!
As far as knowing who we are,
We're like an outcast...
A million, million miles far
From the places where you start,
There's nothing ...anymore,
You see the ashes in the...
The only tear that you'll find,
That's not impossible to find!
