Jumpin, dippin, leapingâ€”
Falling deeper into your loveâ€”
Model chick sophisticated what more could I ever
wantâ€”Stuck on stupid see we lose it and whenever we
touch
â€”it's love, but they don't love us
shorty from up the hill
but your boy from down the block
â€”Say hello whats going on and I say 'Yo girl what's
up'
â€”I know I'm different but I'm tripping on myself for
youâ€”
They dont understand but we prove for
two different worlds
â€”hate it or love it were gonna be two different
worldsâ€”
No matter what they say its me and youâ€”â€”
Chorus:
Hugging, loving, kissing and touching
â€”Then we separate for nothing
â€”I can't breathe without you here with me
i'm drowning and i'm pulling up but people keep
jumping in
Money, fortune, fame but only we know what true love
isâ€”
So we know it girlâ€”
We don't need them anyway
[credits: eprahl]
â€”â€”I aint perfect but its worth it
'Cause you know that i be the one to hold youâ€”
And love you
aint i ain't looking at that other women cause babyâ€”
You know you got, you're perfect
but they dont love usâ€”
from Two different worlds
â€”hate it or love it were gonna be two different
worldsâ€”
No matter what they say its me and you
two different worlds
â€”â€”Hugging, loving, kissing and touchingâ€”
Then we separate for nothing
â€”i can't breathe without you here with me

i'm drowning and i'm pulling up but people keep
jumping in
Money, fortune, fame but only we know what true love
is
â€œSo we know it girlâ€œ
We dont need them anywayâ€œ
We're in love
â€œDo you hear me
In love, in love
â€œWe are in love
â€œDo you hear me
In love, in love
hate it or love it we're gonna be two different worlds
â€œNo matter what they say its me and you
Hugging, loving, kissing and touchingâ€œ
Then we separate for nothingâ€œ
I can't breathe without you here with me
i'm drowning and i'm pulling up but people keep
jumping in
Money, fortune, fame but only we know what true love
isâ€œ
So we know it girlâ€œWe dont need them anyway
