(Travis McCoy)

I mean really whats left to say, its Travie,
I got a rubbercrom complex,
Travie like em super thick,
your boyfirend got dat Clark Kent,
Travie got that super d-ck,
and we gonna need like seven or eight bottles,
smashing everything from real housewives to fake
models
i got eight chicks upstate,
i call em my octo mommies,
four on each arm,
and thats why it's never hard to spot me,
aint got time for the type of chick who, who
got baby daddy issues,
to the point you feel sad and misused,
save this story for Maury you can have these tissues,
ooh she said travie travie,
you put me back in the position that you had me, had
me,
and Pain say shorty shorty shorty,
look at that boy feet why wouldn't you let him be,
d-ck game ferocious but it's nothing that you should
fear,
yeah I'm a nappy boy i just got that good hair,

(Chorus)

Cause' we like her
And we like her too
And we like her
And we like her too
And we like her
And we like her too
And we like her

And she like us too

I wish I could f-ck every girl in the world

I wish I could f-ck every girl in the world

I wish I could f-ck every girl in the world
