I think you have somebody waiting outside in the rain to  
take you away  
You got places to go, you got people to see still I'm  
gonna miss you  
but anyway  
I wish you good spaces in the far away places you go  
If it rains or it snows may you be safe and warm and  
never grow old  
And if you need someone who loves you, you know I  
will always be there  
I'll do it although I'm not supposed to care  
I'll give you the keys to my flying machine if you'd like  
I will show you the light and when you call I'm gonna  
come to you  
And when you find someone who loves you, I'll know  
you would treat me  
the same  
Just lie there, you're not supposed to care  
I think you have somebody waiting outside in the rain to  
take you away.  
That's some kind of a game still I'm glad it came down  
to the final  
round  
but anyway  
If you think you need someone who needs you, you  
know I will always be  
there  
I'll do it although I'm not supposed to care  
I'll do it although I'm not supposed to care
