It's alright for some but not alright for me  
When the one that I'm lovin' slips around  
You think it's fine to do things I cannot see  
And you're doin' it to me  
Baby can't you see that I know how it is

I can see it in your eyes and feel it in the way you kiss  
my lips  
I can hear it in your voice whenever we are talking like  
this  
I can see the way you look when his name is mentioned  
and I die  
I can watch the way you walk, the way you talk, the way  
you close your  
eyes

It's alright for some but not alright for me  
When the one that I'm lovin' can't be found  
The city where we live might be quite large  
But the circle is small  
Why not tell us all and then all of us will know

I can see it in your eyes and feel it in the way you kiss  
my lips  
I can hear it in your voice whenever we are talking like  
this  
I can see the way you look when his name is mentioned  
and I die  
I can watch the way you walk, the way you talk, the way  
you close your  
eyes

It's alright to leave but not alright to lie  
When you come home and you can't say where you've  
been  
You think it's fine to do things I cannot see  
And you're doin' it to me  
Baby can't you see that I know how it is

I can see it in your eyes and feel it in the way you kiss  
my lips

I can hear it in your voice whenever we are talking like  
this  
I can see the way you look when his name is mentioned  
and I die  
I can watch the way you walk, the way you talk, the way  
you close your eyes
