What are you girls gonna tell your mother?
I don't wanna hear another word about young lovers
Or hiding your boyfriend in the cupboard
You been to see the doctor and you hope that she
recovers

You act dumb
You say, you're so numb
You say, you don't come under his thumb

Don't wanna be a goody goody
I don't want just anybody
No, I don't want anybody
Saying, you belong to me, you belong to me

Your eyes are absent, your mouth is silent
Pumping like a fire hydrant
The things you say are getting hard to swallow
You're easily led but you're much too scared to follow

You've been warned
You're gonna get torn
No uniform is gonna keep you warm

Don't wanna be a goody goody
I don't want just anybody
No, I don't want anybody
Saying, you belong to me, you belong to me

You belong to me, you belong to me
You belong to me, you belong to me
You belong to me
