Verse1:an old man would know the shock in my heart  
as you leave me with a note, my love rips apart  
but its not over baby, i feel that kick-start  
my attack is over, i hear your angel harp  
your voice was sweetest mellow  
put a smile on, like a fat kid and Jell-o  
when you moaned and moved your hips  
when i leaned in and felt those lips  
LOVE

I found what i thought wasnt real  
baby girl you finally made me feel  
the greatest sensation since conversation  
no hesitation i cant deny.  
you became the apple to my eye  
thats why i love when u call me baby,can we make  
love,yes,no,or maybe?i just want everything to be  
better,thats why im writing you this love letter.  
Chorus(3):Girl do you want to be forever,Girl do you  
want to be together,Girl do you want us to be all  
better,maybe thats why ill write a love letter.

verse2:She's smooth like a whisper  
whens shes near I wanna kiss her  
Like the band who sings "Linger"  
"I'm such a fool for you" sister.

And girl I want to go back  
lay you down like I do a track  
bring your stuff I'll help you unpack  
you hit me hard like a heart attack.

sounds cliché but your the one for me.  
words leave your mouth like poetry.  
I hope you stay here eternally.  
heres my heart girl you can have the key. just want  
everything to be better,thats why im writing you this  
love letter.

Chorus(3)

verse3:she hit me with sweetest words  
i thought i have ever heard  
while she rubbed my back im like a cat i purred  
mama you amazin in oh so many ways  
thats catches my attention to only gaze

into the eyes of pretty angel  
that makes shit hard to say cause i strangle  
on the remarks i think about you  
in my mind your name only passes threw  
baby you my heart  
keepin the blood flowin cause i trust you with that part  
an i knew it from the start  
you have me in vines and roses..  
ily; i hope you know this
